

2018-19

4 Mar - 1 Jun

AFTER SCHOOL PROGRAMME

ISPP AFTER SCHOOL PROGRAMME TERMS AND CONDITIONS

We are delighted that your child is participating in our After School Programme! In order for your child to participate, a parent must read, understand and accept the Terms and Conditions.

Registration:

Parents register their child/ren for activities online on the school website, under the Activities/After School Programmes tab. (<http://www.ispp.edu.kh/athletics-activities/after-school-programme>) Please note, that registration is not a guarantee that the student will participate in the chosen activity, nor that the activity will run. The After School Office holds the right to cancel the activity if there are too few students signed up. If an activity is oversubscribed, the After School Coordinator will, if possible offer a second class.

Try out:

There is a three week try out session for all activities, starting on the first day of the term. Please note, that the tryout is NOT free of charge. All students who participate beyond the third week of activities will be charged for the full term and no refund will be granted. Parents wishing to withdraw their child from an activity, must email afterschool@ispp.edu.kh by the end of the third week of the term. In this case, parents will only be charged for the lessons during that three-week period.

Payment:

There is a fee for each activity per student, per term. We kindly ask you to check the amount when signing up. AFTER registering online, please visit the Finance Office to make your payment. ISPP ASP accepts cash, local cheque and wire transfer.

Payment is due by the end of the third week of each term; please write ASP, the activity and child's name if paying by wire transfer.

Activity Cancellation:

If too few participants register for an activity, the programme coordinator may cancel that activity for the term. Occasionally, individual classes may be cancelled due to conferences, tournaments or illness. We make every effort to offer make-up classes during the term, but this is not always possible. In this case, a refund will be granted. If a class is cancelled ahead of time, we email the parents. For cancellations at short notice due to illness or emergency, parents are contacted by email and/or phone as early as possible.

Meeting points:

BEFORE an activity: outside of the gym. Students will be given a small healthy snack.

Early Years and Kindergarten students in swimming class must be met by their parents/ care-givers at front of their classroom promptly at the end of the school day. They need to be escorted to the meeting point and assisted with any necessary clothing change. During swimming classes, parents/care-givers must be on standby close to the pool, but not on the pool deck. Thank you for your understanding.

AFTER activity: Under Knowledge Center

Pick up:

At the end of their activities, students will be escorted to under knowledge center by the activity assistant. They must be picked up promptly after their activity. Students may not be unsupervised on campus. Those students, who are regularly picked up late, may be removed from the programme.

Clothing:

Students must be prepared to go outside for outdoor activities, which means having appropriate clothing for hot weather. Hats are compulsory for all outdoor activities! When severe weather prohibits outdoor activities, alternative indoor activities will take place if applicable. Students must wear proper sports clothes for the sporting activities. Please note that shin pads for football, mouthguards for rugby and helmet for skateboarding are compulsory.

Emergencies:

Activity leaders take all reasonable precautions to create a safe environment for participants. However, accidents may still occur. Should an immediate medical response be necessary (first aid, summoning an ambulance, taking a child to the hospital, etc.), activity leaders take action to ensure the child's safety and health. If they cannot immediately reach a parent by telephone, this may include summoning medical help or transporting the child to the hospital before they are able to notify parents.

Bus service:

There is a late bus service after activities at 4:15pm and 4:45pm. This service is only available for those students who are already on the bus plan. If a student only rides the bus TO school, then she/he is not eligible to use the late bus service.

If for any reason, a student will not ride the late bus, parents must notify the After School Office via email (afterschool@ispp.edu.kh), before 10:00 am on the day. Please note, that for safety reasons, without written permission we do not allow elementary students to leave campus with any alternative arrangements.

Secondary School students need to be on the bus departure on time, as the bus will not wait for them. If a secondary student misses the bus she/he must report to Central Office.

ASP OFFICE HOURS:

Monday to Friday, from 9:00am to 2:00pm
For afternoon appointment, please contact us,

Ms. Zsuzsa Barta, ASP Coordinator, zsuzsabarta@ispp.edu.kh

A fitness work-out that moves to the latest Latin beats. This exercise in disguise program involves dance and aerobic movements performed to energetic music.

Price: \$100

MOTHER TONGUE

ISPP's Philosophy of Mother Tongue

The International School of Phnom Penh believes that it is vital that all students have the opportunity to maintain and develop their Mother Tongue (the main language that the student uses at home) wherever feasible.

Based on educational research, ISPP believes that students with a strong mother tongue, and those who continue to develop, are far more successful in learning and functioning in another target language. Therefore ISPP is continuously looking for innovative ways to facilitate the maintenance of your child's Mother Tongue.

The Mother Tongue Programme – Not a Foreign Language Course

The purpose of the programme is to provide the opportunity for all students to develop appropriate skills in their mother tongue according to their age level. The Mother Tongue Programme is not a foreign language course. Therefore children should be fluent speakers in a language that is spoken at home with at least one parent. The School may determine if a particular student meets the requirements to join a Mother Tongue class.

The Mother Tongue (First Language) Programme is an additional educational extension programme offered outside of the regular school day.

After School Mother Tongue Programme is offered in the afternoons, as part of the ASP. This is a fee based programme.

ASP Office is always open for new requests, however we can offer a course only, if we have enough students AND a suitable teacher.

Please note, that the selection of the languages might change in every school year.

PLEASE CONTACT US WITH YOUR INQUIRY.
